Estimates

The average cost of a remodel is a hard question to answer because of the variables.

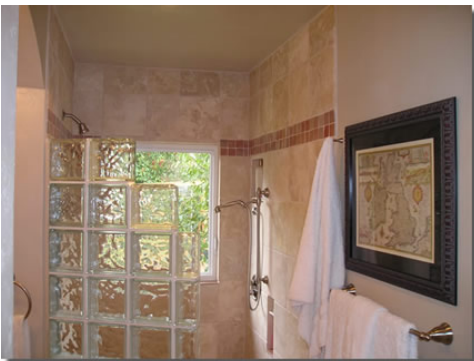

If you are handy and a "Do-It-Yourself" type, a minimal bathroom remodel would likely cost a rough estimate of \$5,000.

If you hire a professional, the cost would likely range from \$7,000 to \$30,000 depending greatly on quality of materials, amount of work and changes to meet the desired outcome.

A licensed contractor will save you time and frustrations because we manage all the details!

Your bathroom is one of the most important rooms in your house.
